The U.S. Department of State is the senior executive department of the federal government and advises the President in the formulation and execution of foreign policy. DOS is the lead foreign affairs agency. It is responsible for developing and implementing the President's foreign policy. The primary objective in the conduct of foreign relations is to promote the long-range security and well being of the United States. DOS also supports foreign affairs activities under other agencies including the Department of Commerce and the Agency for International Development.
